

CAKE CUTTING GUIDES

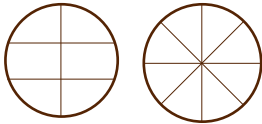

An average cake is 3-4" tall and serving sizes can vary depending on your event and the design of each cake.

Generous Servings: Approximately 3"x2" slices. Recommended for smaller cakes, or if only dessert is being served at your event and large servings are desired.

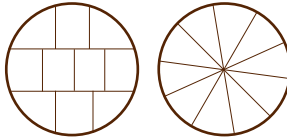

Standard/Party Servings: Approximately 2" x 2" slices. Recommended when ordering a party cake to feed a crowd. The more guests, the less likely everyone will want a generous slice of cake.

Large Event-Style Servings or Wedding-size Servings: Approximately 2"x1" slices. Recommended for after a meal or finger food. If only dessert is served, cut larger servings (Generous or Standard/Party Servings).

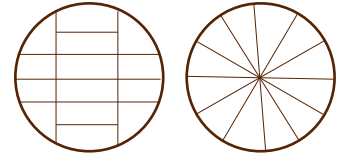

4" serves 6+

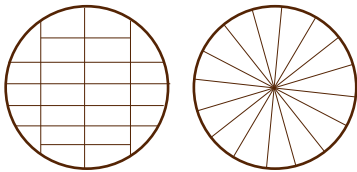

5" serves 10+

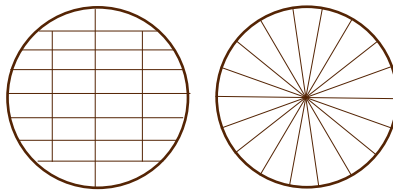

6" serves 12+

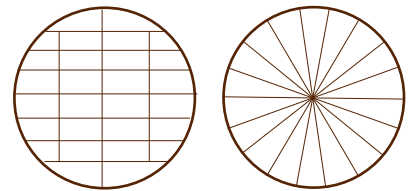

7" serves 16+

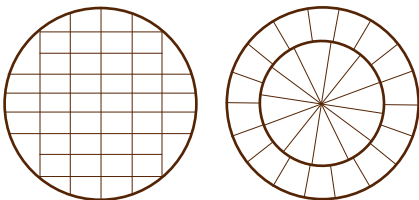

8" serves 20+

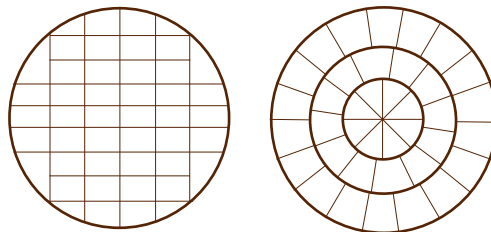

9" serves 24+

10" serves 28+

12" serves 40+
